Professional Summary

AI-first product builder from **IIT Kharagpur** with **2.5 years** in **B2B AI SaaS** and **fintech**. Shipped a **live product** with **Claude Code**, builds **LLM agents and MCP servers**, owns **AI unit economics** and writes own **SQL**

AI & Product Builds

- **OurGuests (ourguests.in, live):** shipped a **rent-management app** with **Claude Code**; ran **user research** with **20+ landlords**
- Owned the **product lifecycle** end to end: **problem discovery**, **user journeys**, **MVP scope**, launch and **iteration** on feedback
- **Agents & MCP:** built and connected **AI agents** and **MCP servers** with Claude, designing **prompts and context** for workflows
- **API prototyping:** called and tested **REST APIs** in **Python** to **prototype integrations** before engineering handoff

Professional Experience

Senior Analyst - Strategy & Ops (Product & Tech team) | Schneider Electric (AiDash Inc) | Gurugram Aug 2025 - Present

- Owned **AI unit economics** for an AI tool across **110 users**: tracked **per-user usage and cost**, **cut daily spend by 59%**
- Designed a **model-access policy** trading off **model choice vs cost**; drove **adoption and engagement** across 110 users
- Built a **usage forecasting model** predicting AI budget run-out **3+ months ahead**, informing **pricing and renewal** decisions
- Used **LLMs (Claude, Codex)** to **prototype AI tools** turning **unstructured inputs** into **structured data**, cutting manual effort
- Standardized **pricing** for **3 B2B AI SaaS products**; wrote **PRDs and acceptance criteria** for **4 market-specific launches**

Associate Consultant II | Indus Insights & Analytics Pvt. Ltd. | Gurugram May 2024 - Aug 2025

- Ran **15+ SQL/Python analyses** on **5,000+ attributes** for a **$3.8B+ US payments firm**, **lifting approvals 300 bps**
- Ran **experiments (A/B tests)** on **decisioning flows**; built a **Python simulation** (**99.8% accuracy**) to **validate** pre-launch
- **Automated 9+ Alteryx workflows**, **cutting effort by 90%**; owned **data quality** for model feeds to partner Ekata

Graduate Research Intern (MITACS, $10K+ stipend) | Western University | Canada May 2023 - Jul 2023

- Trained and **evaluated** a **random forest ML model** on labelled image data: **92% accuracy**, **75% faster** classification

Technical Product Manager - Trainee | Surginatal | Jaipur May 2021 - Jul 2021

- Shipped **data-driven product enhancements**, **increasing repeat purchases by 15%**; **SQL** analysis **cut stockouts 20%**

Education

Indian Institute of Technology (IIT) Kharagpur, West Bengal Jul 2019 - May 2024

Integrated Master of Science in Applied Geology **CGPA: 8.55/10**

Micro Specialization in **Innovation and Entrepreneurship**

Skills

- **AI Product:** LLMs, Prompt & Context Design, AI Agents, MCP, Model Selection, AI Unit Economics, Usage-based Pricing
- **Product:** PRDs, User Stories, Acceptance Criteria, User Journeys, User Research, Experiments, Sprint Planning, Launches
- **Metrics:** Activation, Adoption, Engagement, Retention, Accuracy, Cost per Task, A/B Testing, Funnel Analysis
- **Technical:** SQL, Python, REST APIs, Claude Code, Codex, Snowflake, Tableau, Git, Jira, Figma

Awards & Leadership

- Secured **5th of 1,400+ teams** (top IIT team) at the **Indian Case Challenge 2022** with a **Tesla India market-entry strategy**
- Elected **General Secretary (Technology)** by **800+ students**, leading **23 members** to a **top 3 finish** at Tech GC
